Phobia

Phobias can be irrational and specific for people. In my work I want to portray phobias such as, Trypophobia (fear of holes), Spectrophobia (fear of mirrors), and Coulrophobia (fear of clowns). These specific phobias effect:

- 9.1% of people in America
- 10.3% between the ages of 18-29
- 5.8% of men
- 12.2% of women
- 21.9% serious phobias

My series of work includes paintings, both acrylic and watercolor, and a few mixed materials.
